

ULTIMATE PUMPKIN PEEL 40%

PROFESSIONAL USE PUMPKIN PEEL ACNE SAFE

SKIN TYPES AND CONDITIONS: FOR ALL SKIN TYPES, CONGESTED, AGING, SUN-DAMAGED

(NOT FOR USE ON SENSITIVE OR REACTIVE SKIN)

DESCRIPTION	Diminishes the look of discoloration, age spots and other forms of hyperpigmentation while retexturizing and reducing the look of lines and wrinkles. The peeling action helps soften visible scarring and alleviate impacted pores.
A FEW KEY INGREDIENTS & BENEFITS	<p>40% Cucurbita Pepo (Pumpkin) Pulp: A powerful antioxidant rich in salicylic acid, vitamins A, C and beta- carotene. Offers skin smoothing, brightening and rejuvenating properties and also possesses a pore clearing action.</p> <p>Hyaluronic Acid: Water binding, lubricating, protective agent capable of attracting up to 1,000 times its weight in water from moisture in the air. This product utilizes three different molecular weights of hyaluronic acid which provides ultimate hydration and plumping for the skin. Hyaluronic acid is a polysaccharide found naturally in every tissue of the body. It is the natural gel between skin cells that serves as a water reservoir for the cells.</p>
USAGE INSTRUCTIONS	Professional Use Only: After cleansing, apply a thin layer to face, neck and décolleté avoiding eye area. Leave on for 2 – 10 minutes then gently remove with cool water. NOT for use on sensitive, sensitized or reactive skin.
